#### Practice makes . . . a perfect storm?

The Ice Chips are facing a big hurdle at their hometown rink in Riverton. Their biggest rivals, the Stars, have a major advantage, with better gear and a state-of-the-art arena. Without more ice time, the Chips just can't keep up. Fortunately, the team has a secret weapon: their magical rink, which allows them to travel through time and meet their hockey heroes, who can teach the young players something new about the game.

Lucas Finnigan and his teammates have been warned that time travel is dangerous, but when they decided to leap again-hoping to find a way to squeeze in some extra practice-they never dreamed that they would land in the middle of a hurricane! Luckily, a major save from a plucky young player gets the Chips out of some extremely troubled water, and soon they're running drills all over the Halifax Citadel.

But how will these exercises help their hockey playing? And who is this kid anyway? With the help of some of the city's famous spiri...

### Summary

**The first book in bestselling author Kenneth Oppel's explosive new trilogy**

It was just rain.

But after the downpour, odd black plants begin to shoot up.

Suddenly-

They. Are. Everywhere.

They take over fields and twine around houses. They bloom and throw off toxic pollen-and *feed*.

Strangely, three Salt Spring Island teens seem immune. Anaya, Petra and Seth. What's their connection? What's their secret? A week ago, they wouldn't have thought they had one.

But they'd better figure it out fast-the invasion has already begun.

### Summary

#### The most dangerous magic must be destroyed

Genevieve Flannery's family inheritance is both an invaluable gift and an unspeakable curse: Genevieve is one of the heirs of the Avrakedavra, a trio of ancient texts capable of preserving everlasting life-or eroding it completely. Burdened with the power of untold magic and tormented by those who would seek to exploit it, Genevieve knows that the three Avrakedavra texts must be destroyed.

If only the road ahead were easy. Genevieve is grateful to have her fellow heir, the irresistible Henry, by her side, but when the father she never knew she had becomes their guide, all bets are off. Together, this new team must rely on unexpected allies as they embark on a harrowing global search to acquire the pieces necessary to destroy this ancient magic and complete the Undoing.

But loyalties among the magical community are fragile. Genevieve, grieving the loss of her mother, struggles to control her new Avrakedavra-bestowed gifts, and with mounting threat...
