Summary: Brooklyn, New York, December 1, 1917: the freighter *Mont-Blanc* sets sail overloaded with one of the largest caches of munitions ever packed onto a ship, a staggering three thousand tons of American-made high explosives, bound for the trenches of the Great War. Five days later, as it entered the lively port city of Halifax, *Mont Blanc's* deadly cargo erupted in a cataclysm that released the force of 2.9 kilotons of TNT—the most powerful explosion ever visited on a human population, save for Hiroshima and Nagasaki. *Mont-Blanc* was vaporized in one sixtieth of a second; a shockwave leveled the surrounding city. Next came a thirty-five-foot tsunami. Most astounding of all, however, were the incredible tales of survival and

Foreword by Peter Mansbridge

"Barris tells the jaw-dropping story of a night that changed the war." —*The Globe and Mail*

It was a night that changed the Second World War. The secret air raid against the hydroelectric dams of Germany's Ruhr River took years to plan, involved an untried bomb and included the best aircrewmembers RAF Bomber Command could muster—many of them Canadian. The attack marked the first time the Allies tactically took the war inside Nazi

Summary: Noted military historian Ted Barris once asked his father, Alex, "What did you do in the war?" What the former US Army medic then told his son forms the thrust of Barris's latest historic journey—an exploration of his father's wartime experiences as a medic leading up to the Battle of the Bulge in 1944–45, along with stories of other medics in combat throughout history.

Barris's research reveals that this bloodiest of WWII battles was shouldered largely by military medics. Like his father, Alex, medics in combat evacuated the wounded on foot, scrounged medical supplies where there were seemed to be none, and dodged snipers and booby traps on the most

Summary:

The West was once about the romance and drama of wilderness. Later, it came to be about the enormous promise of resource wealth. There are only remnants now both of the wilderness and of the promise, and the resources have proved a mixed blessing—but the people of the West remain.

In this bestselling book, Sharon Butala looks at the history and vision of the West, a vision as unique as the winter-tinted prairie moon of her title. Butala challenges stereotypes and myths, not just those held by Canadians from the East,

Summary: The national bestseller that tells the story of Wolfe and Montcalm and the Plains of Abraham

In September 1759, a small band of British troops led by James Wolfe scaled the tall cliff overlooking a farmer's field owned by Abraham Martin and overpowered the French garrison that protected the area, allowing the bulk of the British army to ascend the cliff behind and attack the French who, led by Louis-Joseph Montcalm, were largely unaware of Wolfe's tactics. The battle that ensued on what would become known as the Plains of Abraham would forever shape the geography and politics of Canada.

Summary:

Writer, historian and poet Afua Cooper tells the astonishing story of Marie-Joseph Angélique, a slave woman convicted of starting a fire that destroyed a large part of Montréal in April 1734 and condemned to die a brutal death. In a powerful retelling of Angélique's story—now supported by archival illustrations—Cooper builds on 15 years of research to shed new light on a rebellious Portuguese-born black woman who refused to accept her indentured servitude. At the same time, Cooper completely demolishes the myth of a benign, slave-free Canada, revealing a damning 200- year-old record of legally and culturally endorsed slavery.

Summary: On December 6, 1917, the French munitions ship *Mont-Blanc* and the Norwegian war-relief vessel *Imo* collided in the harbour at Halifax, Nova Scotia. That accident sparked a fire and an apocalyptic explosion that was the largest man-made blast prior to the 1945 dropping of the atomic bomb on Hiroshima. Together with the killer tsunami that followed, the explosion devastated the entire city in the wink of an eye and instantly killed more than 2,000 people.

While much has been written about the disaster, there is still more to the story, including the investigation of the key figures involved, the histories of the ships that collided, and the confluence of circumstances that brought these two

Summary: During the Great Famine of the 1840s, thousands of impoverished Irish immigrants, escaping from the potato crop failure, fled to Canada on what came to be known as "fever ships." As the desperate arrivals landed at Quebec City or nearby Grosse Isle, families were often torn apart. Parents died of typhus and children were put up for adoption, while lucky survivors travelled on to other destinations. Many people made their way up the St. Lawrence to Montreal, where 6,000 more died in appalling conditions.

Despite these terrible beginnings, a thriving Irish settlement called Griffintown was born and endured in Montreal for over

Summary: From esteemed military historian J.L. Granatstein, the story of one of Canada's finest moments.

This is the story of the First Canadian Army, which fought its way from Juno Beach on D-Day in June 1944 through Normandy, liberated the Netherlands and helped finally defeat Germany in 1945. What our army needed was more battle experience, and this it gained in the costly efforts in Normandy to reach the city of Caen and then to close the Falaise Gap. This was followed by hard fighting to take the ports along the Channel coast and terrible combat in dreadful conditions to clear the Scheldt estuary. After a

Summary: Canada is one of the few nations in the Western world that does not teach its history to its young people and to its new citizens. The result is a nation that does not understand and respect its past. J. L. Granatstein's impassioned evaluation of the study and teaching of Canadian history is even more relevant today than when it was first published nine years ago. The original edition of this slim but eloquent polemic caused a stir with its revelations that Canadian history had all but vanished from schools and universities in favour of trendy subjects and specialized social history.

Almost a decade later, however, nothing has been done, and

Summary: No event in our history is more legendary than the Yukon Gold Rush of 1896. On August 16, when rich gold deposits were discovered in Bonanza Creek, 100,000 prospectors set off for the newly created Dawson City in search of instant wealth. Hungry miners hoped for the one big strike; others, for prosperity in this instant boom town; some, for the adventure of a lifetime. Charlotte Gray, one of our best writers of non-fiction, tells the story of the Gold Rush through the intimate lives of six extraordinary people: the saintly priest Father Judge; the feisty entrepreneur Belinda Mulrooney; the struggling writer Jack London; the imperious British journalist Flora Shaw; the legendary Sam Steele of the Mounties; and the prospector William Haskell

On an island paradise in 1943, Sir Harry Oakes, gold mining tycoon, philanthropist and "richest man in the Empire," was murdered. The news of his death surged across the English-speaking world, from London, the Imperial centre, to the remote Canadian mining town of Kirkland Lake, in the Northern Ontario bush. The murder became celebrated as "the crime of the century."

Summary: Impeccably researched, and written with Charlotte Gray's unerring eye for personal and historical detail, *Reluctant Genius* tells the story of a man very different from his public image. Most of us think of Alexander Graham Bell as a white-bearded sage, but the young A lec Bell was a passionate and wild-eyed genius, a man given to fits of brilliance and melancholy. His technologies for photophones, tetrahedrals, flying machines and hydrodomes laid the groundwork for future achievement. And he adored his wife, Mabel, a beautiful, deaf young woman from a blueblood Boston family.

Summary: The Second Battle of Ypres was, by any definition, a brutal event in a brutal war. The already terrible conditions of trench warfare, punctuated by the unimaginable horror of shell fire that turned men into "pink mist," became even worse when the Germans introduced chlorine gas. But despite the terror, the battle marked a key moment in the formation of Canadian identity and pride. After the Germans' initial gas attack opened a 12-kilometre-long hole in Allied lines, it was the heroic 1st Canadian Division—men who had been in the trenches for just over a week—who rushed to fill the gap and block the enemy advance.

Summary: PUBLISHED TO GREAT REVIEWS in Canada, the US and the UK, *Ancient Mariner* tells the riveting story of how Samuel Hearne—a sailor at 12, a northern explorer at 24, an admirer of Native peoples—became the first European to reach the Arctic coast of North America. Yet, as Ken McGoogan reveals, Samuel Hearne's place in the history books has been a subject hotly disputed over the past two centuries. This fascinating saga, a skillful blend of literary detective work and finely imagined narrative, delights and surprises as it restores Hearne's rightful place in history.

Summary: An exploration of Canadian roots and identity from bestselling author Ken McGoogan

With *Celtic Lightning*, Ken McGoogan asks the question: Who do we think we are? He argues that Canadians have never investigated the demographic reality that informs this book—the fact that more than nine million Canadians claim Scottish or Irish heritage. Did the ancestors of more than one quarter of our population arrive without cultural baggage? No history, no values, no vision? Impossible.

McGoogan writes that to understand who we are and where we are going, Canadians must look to cultural genealogy. He

Summary: With this book—his most ambitious yet—Ken McGoogan delivers a vivid, comprehensive recasting of Arctic-exploration history. *Dead Reckoning* challenges the conventional narrative, which emerged out of Victorian England and focused almost exclusively on Royal Navy officers. By integrating non-British and fur-trade explorers and, above all, Canada's indigenous peoples, into the history of Arctic discovery, this work brings the story into the twenty-first century.

Orthodox history celebrates such naval figures as John Franklin, Edward Parry and James Clark Ross. *Dead Reckoning* tells their stories, but the book also encompasses

Summary: *The truth is that John Rae solved the two great mysteries of nineteenth-century Arctic exploration: during a single expedition in 1854, he discovered both the fate of the Franklin expedition and the only Northwest Passage navigable by the ships of that time — the fatal passage explorers had been seeking for centuries.* — from *Fatal Passage*

Not long after he began reading the handwritten, 820-page diary of Scottish explorer John Rae, Ken McGoogan realized that here was an astonishing story, hidden from the world for almost 150 years. McGoogan, who was originally conducting research for a novel, recognized the injustice committed

Summary: Bestselling author Ken McGoogan tells the story of those courageous Scots who, ruthlessly evicted from their ancestral homelands, were sent to Canada in coffin ships, where they would battle hardship, hunger and even murderous persecution.

After the Scottish Highlanders were decimated at the 1746 Battle of Culloden, the British government banned kilts and bagpipes and set out to destroy a clan system that for centuries had sustained a culture, a language and a unique way of life. The Clearances, or forcible evictions, began when landlords—among them traitorous clan chieftains—realized they could increase their incomes dramatically by

Summary: Canadians of Scottish descent, who today total over 4.7 million, have never made up more than 16 per cent of Canada's population. Yet they have supplied thirteen of twenty-two Canadian prime ministers, and have made proportionate contributions in exploration, education, banking, military service, railroading, invention, literature, you name it.

Award-winning author Ken McGoogan has written a vivid, sweeping narrative showcasing more than sixty Scots who have shaped Canada. They include fur traders Alexander Mackenzie and the "Scotch West-Indian" James Douglas, who established national boundaries; politicians John A.

Summary: When Sir John Franklin disappeared into the Arctic in 1845, it was his adventurous wife, Jane Franklin, who kept the search for him alive and, as a result, contributed more to the discovery and mapping of the North than any explorer. A third masterful biography from historian Ken McGoogan, *Lady Franklin's Revenge* is the richly documented story of a complex, ambitious Victorian—arguably the greatest woman traveller of the 19th century—and the transformation of a failed expedition into a triumphant legend. A *Globe and Mail* Book of the Year, and shortlisted for the Ontario Libraries Evergreen Award, *Lady Franklin's Revenge* is an exquisitely illustrated epic adventure.

Summary: Centred around one of Canada's most storied regiments, *Seven Days in Hell* tells the epic story of the men from the Black Watch during the bloody battle for Verrières Ridge, a dramatic saga that unfolded just weeks after one of Canada's greatest military triumphs of the Second World War. O'Keefe takes us on a heart-pounding journey at the sharp end of combat during the infamous Normandy campaign. More than 300 soldiers from the Black Watch found themselves pinned down, as the result of strategic blunders and the fog of war, and only a handful walked away. Thrust into a nightmare, Black Watch Highlanders who hailed from across Canada, the United States, Great Britain and the Allied world found themselves

Summary: There is a missing chapter in the narrative of Canada's Indigenous peoples—the story of the Métis Nation, a new Indigenous people descended from both First Nations and Europeans

Their story begins in the last decade of the eighteenth century in the Canadian North-West. Within twenty years the Métis proclaimed themselves a nation and won their first battle. Within forty years they were famous throughout North America for their military skills, their nomadic life and their buffalo hunts.

The Métis Nation didn't just drift slowly into the Canadian

Summary: In 2014, the nation was rocked by the brutal violence against young Aboriginal women Loretta Saunders, Tina Fontaine and Rinelle Harper. But tragically, they were not the only Aboriginal women to suffer that year. In fact, an official report revealed that since 1980, 1,200 Canadian Aboriginal women have been murdered or have gone missing. This alarming official figure reveals a national tragedy and the systemic failure of law enforcement and of all levels of government to address the issue.

Journalist Emmanuelle Walter spent two years investigating this crisis and has crafted a moving representative account of the disappearance of two young women, Maisy Odjick and

The world watched with fear in November 1979, when Iranian students infiltrated and occupied the American embassy in Tehran. As the city exploded in a fury of revolution, few knew about the six American embassy staff who escaped into hiding. For three months, Ken Taylor, the Canadian ambassador to Iran—along with his wife and embassy staffers—concealed the Americans in their homes, terrified that Ayatollah Khomeini would find out and exact

The night of October 30, 1995, was like no other in Canadian history. The young, modern nation that the UN Human Development Index had ranked #1 for the two previous years now faced its greatest challenge: the possibility of fracturing as Quebecers made a fateful decision—whether to separate from Canada—in a referendum that pollsters estimated would be as close as close could be.

The Quebec-sovereignist juggernaut that began with the

Summary: On January 26, 1976, Prime Minister Pierre Trudeau became the first leader of a NATO country to visit Cuba since the crippling 1960 American economic embargo. Accompanied by his wife, Margaret, and baby Michel, Trudeau was greeted in Havana by 250,000 cheering Cubans and a 30-foot poster of himself. "Long live Prime Minister Fidel Castro!" Trudeau would famously shout at the love-in. In this fascinating portrait of an unusual relationship between two enigmatic world leaders, author and historian Robert Wright brings to life three days of Canadian politics played out on the international stage. In a revealing look at both leaders' personalities and political ideologies, Wright shows how these two towering figures—despite their official

A Hill-Times Best Book of the Year

Nearly twenty years after his death and more than thirty since his retirement from active politics, Pierre Elliott Trudeau is at long last receding from the lived memory of Canadians. But despite the distance of time, he still holds court in the minds of many, and today his son Justin now lives at 24 Sussex Drive, his own man, though still a Trudeau holding Canada's highest office.

Trudeaumania is about Pierre Trudeau's rise to power in
