**A young prodigy in need of family. A painting that shatters a woman's peace. And a decades-old mystery demanding to be solved.**

*Australia, 1906*

Orphan Jane Piper is nine years old when philanthropist siblings Michael and Elizabeth Quinn take her into their home to further her schooling. The Quinns are no strangers to hardship—having arrived in Australia as penniless immigrants, they now care for others as lost as they once were.

Despite Jane's mysterious past, her remarkable aptitude for mathematics takes her far over the next seven years, and her relationship with Elizabeth and Michael flourishes as she plays an increasingly prominent part in their business.

But when Elizabeth reacts in terror to an exhibition at the local gallery, Jane realizes no one knows Elizabeth after all—not even Elizabeth herself. As the past and the present converge and Elizabeth's grasp on reality loosens, Jane sets out to unravel Elizabeth's story before it is too late.

From the gritty reality of the Australian ...

**When her grandmother injures herself sliding into third base, Riley McAllister must return to her small hometown to help run the family yarn store in this sweet, lighthearted romantic comedy.**

Riley McAllister left the small Arkansas town of Maple Falls after graduating high school, hoping to make it big in New York as a mixed media artist. She's still pursuing her dream when her grandmother begs her to come home and help her manage the store while she recovers from a broken leg she got after sliding into third base during a church softball game (she was safe, by the way). Riley agrees, planning to convince her grandmother to sell the old shop and retire so Riley can get back to the big city. New York is where she belongs, not some hick town that doesn't even have a decent coffee shop.

Hayden Price's life hasn't turned out as he expected either. He still works in the hardware store his family has owned for several generations after his chance to make it out of Maple Falls ended when he bl...

### Summary

**From the bestselling author of *The Convenient Groom* (now a beloved Hallmark Original movie) comes a sweet and sizzling story of second chances and unexpected happy endings.**

When her mother became bedridden and her father bailed on the family, Sophie became a second mother to her twin brother, Seth, and younger sister, Jenna. Sophie supported her siblings through college, putting aside her own dream--opening a book shop in Hideaway Cove, a North Carolina beach town they frequented as children. Now it's finally time for Sophie to bring her dream to fruition. Seth has graduated from NCU, the family house is sold, and Jenna is set to marry her college sweetheart in Hideaway Cove. But the destination wedding will also reunite Sophie with best man Aiden Maddox, her high school sweetheart who left her without a backward glance to run an extreme sporting business in Florida.

Much to Sophie's chagrin, seeing Aiden again resurrects all those old feelings. But she's not about to give him the time of day. The wedding goes smoothly, if one can dismiss the low-key tension between Sophie and Aiden, and Sophie can turn her focus to establishing the bookshop of her dreams....

**He's a cop trying to stop a serial bomber. And she'll stop at nothing to clear her own name.**

When a deadly bomb goes off during a climate change debate, librarian and event coordinator Jackie Santoro becomes the prime suspect. Her motive, according to Detective Avery Wick: to avenge the suicide of her prominent father, who was accused of crimes by a city councilman attending the event.

Though Avery has doubts about Jackie's guilt, he can't exonerate her even after an extremist group takes responsibility for the bombing and continues to attack San Antonio's treasured public spaces.

As Jackie tries to hold her shattered family together, she has no choice but to proceed with plans for the Caterina Ball, the library system's biggest annual fundraiser. But she also fears the event provides the perfect opportunity for the bomber to strike again.

Despite their mistrust, Jackie and Avery join forces to unmask the truth—before the death toll mounts even higher.

## When Stars Rain Down

Angela Jackson-Brown

### Summary

**Award-winning author Angela Jackson-Brown delivers a moving coming-of-age story about a summer that changes a young girl's life, told in a distinctive Southern literary style.**

Georgia, 1936. Opal Pruitt never imagined almost-adulthood would look like this. Her town of Parsons, Georgia, is hit hard by the drought affecting much of the country. The citizens of this small town are still feeling the ongoing effects of the Great Depression and the residual effects of Reconstruction. Unprovoked beatings and property burnings by the Ku Klux Klan are causing a firestorm of emotions among black and white members of the town, threatening to tear apart the uneasy harmony within the community. Soon Opal herself is affected by the violence, and she finds her heart torn between so many new emotions.

Despite these struggles, the town is preparing for its annual Founder's Day celebration—an event the entire community looks forward to each year. But the underlying tension begins to erupt in the heat, and this summer has the potential to change everything.

## The Teacher's Bride

Kathleen Fuller

### Summary

**A fun and heartwarming Amish rom-com where opposites really do attract.**

**If there is one thing Christian Ropp will not allow in his classroom—or his life—it's chaos. So why is he drawn to Ruby Glick, a woman who seems to bring mayhem wherever she goes?**

Christian Ropp moves to Birch Creek to accept a teaching position in the rapidly growing Amish community. He's determined to put the rambunctious school in order as well as check another task off his list: finding a wife. Of course, that would be much easier if women were like textbooks, straightforward and logical.

When an accident puts Christian out of commission, a new community member named Ruby Glick takes over his classroom. But Ruby's exuberant teaching style clashes with Christian's careful methods and he worries his students will never be the same.

With a track record of catastrophe, Ruby always feels too clumsy, too distracted, too . . . *much*. Desperate for a chance to prove that she can do more than make mistakes in her life, she throws herself into her new teaching position. But when Christian can't seem to stay out of her way,...

Eric Metaxas

Simultaneous HC & TPB  
(9781400224647, \$31.00)

**Summary**

**The runaway New York Times bestseller, revised and with a new introduction from the author.**

Who better to face the greatest evil of the 20<sup>th</sup>-century than a humble man of faith?

As Adolf Hitler and the Nazis seduced a nation, bullied a continent, and attempted to exterminate the Jews of Europe, a small number of dissidents and saboteurs worked to dismantle the Third Reich from the inside. One of these was Dietrich Bonhoeffer, a pastor and author. In his blockbuster *New York Times* bestselling biography, Eric Metaxas takes both strands of Bonhoeffer's life—the theologian and the spy—and draws them together to tell a searing story of incredible moral courage in the face of monstrous evil. Metaxas presents the fullest accounting of Bonhoeffer's heart-wrenching decision to leave the safe haven of America to return to Hitler's Germany, and sheds new light on Bonhoeffer's involvement in the famous Valkyrie plot and in "Operation 7," the effort to smuggle Jews into neutral Switzerland. In a deeply moving narrative, Metaxas uses previously unavailable documents—including personal letters, detail...

## Building a Network

### The Power of Relationships in Work and in Life

Chip Gaines, Don Yaeger

#### Summary

Only a few people-Oprah, Ted Turner, Walt Disney, and now Chip and Joanna Gaines-have literal networks. But every successful person has a network of people-friends, family, and business associates-who serve as a support system. This "community" shapes a person's identity, behavior, and values, which ideally include kindness and being considerate of others and their needs.

"Nice people finish first," says Chip Gaines, the wildly popular and admired star of HGTV's *Fixer Upper* and cofounder of the Magnolia brand. "And networking always works better than bridge burning." With these truths as the foundational cornerstone, Chip uses his own unique journey as a creative and entrepreneur to construct a case for the value and importance of developing strong relationships at work and outside of work. He says, "If you live your life the right way, with the right values and the right priorities, you will end up in the right relationships." Those relationships then become the currency for success.

Part business book and all manifesto for living a fulfilled life, *Building a Network* unpacks the beaut...

## Alone in Plain Sight

### Searching for Connection When You're Seen but Not Known

Ben Higgins, Mark Tabb

#### Summary

**The cofounder of GeneroCity Coffee and lead of The Bachelor's twentieth season reveals the key to being seen and known, as well as to leading a life that truly matters.**

In *Alone in Plain Sight*, Higgins shares his perspective as a fellow sojourner on the journey to find connection and meaning. Examining the questions he has wrestled with personally, he invites us to

- realize that the measure of how connected we are with ourselves is how connected we are with others;
- discover why connection with others is essential and how shared pain can bridge even the widest gaps between two very different people;
- deconstruct the fairy-tale view of love that culture advertises and address the lie that being single is a disease that needs to be cured; and
- understand that the God who seeks connection is the answer to the deep yearning we have to connect to something bigger than ourselves.

#### Summary

**Beloved speaker and radio host Hallie Lord shows how to use unexpected hardships and challenges to build a life that will make you more secure and grounded than ever before.**

Hallie Lord understands the upheaval life can bring. From her parents' divorce when she was a preteen to moving eleven times in fifteen years with her family, the radical changes she faced relentlessly pushed her toward fear and helplessness. Yet by digging into her faith and through much self-reflection, she realized that even though those challenges had left her a bit battered and bruised, they had also equipped her for any difficulty that may arise.

In *Falling Home*, she describes the four interconnected foundations that now give her strength and security during life's upheavals:

- committed, supportive friendships,
- healthy family relationships,
- an intimate love affair with God, and
- a compassionate sense of self.

Inviting readers into her hard-fought journey, Lord shows them how they, too, can embrace whatever life brings...

An anthem for every woman who is weary of living a life in which she knows the right answers but does not believe them.

***Is It Just Me?* is a book by a popular social media blogger that helps young women find true trust in Jesus when they are overwhelmed and frustrated with their lives.**

- Am I the only one who is tired, overwhelmed, doubting, and fearful?
- Am I the only one who feels hurt and lonely?
- Am I the only one who still is struggling to find my purpose?
- Am I the only one struggling to trust that God...

### Summary

**For readers seeking a fresh way to approach their worldview and spiritual practice, and those who want to develop a blueprint for effecting positive change in their lives and the lives of those around them.**

Do you remember a time in your life when you believed in magic?

Maybe it was Santa Claus or the Tooth Fairy, an imaginary friend, or a land of make-believe in your bedroom or backyard.

But somewhere along the way, disappointment and disillusion erode our belief, and we tend to live in one of three states:

- *Mundane*--the known things in our lives, the comfortable, the regular
- *Messy*--the unkempt, the unmanaged, and the unmaintained
- *Madness*--the drama and behavior that breed negative results, as well as uncontrollable emotions

The antidote to the mundane, messy, and madness is the *magical*.

If you're longing for deeper meaning, bigger adventures, and more opportunities in your life, Tim will show you how to tap into *The Miracle Mentality*.

## Mysteries of the Messiah

### Unveiling Divine Connections from Genesis to Today

Rabbi Jason Sobel

#### Summary

**Highlighting connections that have been hidden from non-Jewish eyes, Rabbi Jason Sobel pulls back the curtain to shed God's light on the holy scriptures.**

Most people do not understand how the Bible fits together—even people of faith. Too many Christians accept half an inheritance in that they are content to embrace merely the New Testament. On the flip side, Jews often experience this by embracing only the Old Testament. But God has an intricate plan and purpose for both.

In *Mysteries of the Messiah*, Rabbi Jason Sobel, raised in a Jewish home in New Jersey but now a follower of Yeshua, pulls back the curtain to show the many connections in Scripture hidden in plain sight. Known for his emphatic declaration “but there’s more!” he guides readers from the story of creation through Revelation to see the passion and purpose of the Messiah, the Torah, and several of the patriarchs and prophets.

God’s Word, written by many people over thousands of years, is not a random selection of people and s...

## Everybody Fights

### So Why Not Be Good at It

Kim Holderness, Penn Holderness

#### Summary

**Internet video sensations and podcast hosts Penn and Kim Holderness share how they fight better and end arguments feeling closer, more loved, and better understood by their partner.**

Have you ever gotten in a bra fight? (No, not a bar fight, a bra fight.) Kim and Penn Holderness have—a knock down, bruised-heart, lick-your-wounds brawl that started off with a perfectly harmless question about chicken wings. Every couple has these fights, the kind that go from zero to dialing a divorce lawyer before you know what hit you. They leave you feeling cold, resentful, and terribly alone. But it doesn't have to be that way.

The Holdernesses that are seen on social media are goofy, funny, and joyous, which has earned them the adoration of millions of fans. But when they started noticing comments on their videos that said things like "You are the perfect couple" or "#couplegoals," they thought, "Who us? These people want to be more like us?" So, they decided it was time to stop being polite and start...

## A Season with Mom

### Love, Loss, and the Ultimate Baseball Adventure

Katie Russell Newland

#### Summary

**A *Season with Mom* is the perfect gift book for daughters to give to their moms, for mothers to give to their daughters, and for anyone who has experienced the illness of a loved one. It's a book that will remind all readers of the importance of telling those closest to our hearts how much they mean ...**

At age eleven, Katie Russell attended her first Chicago Cubs game. While dining at Harry Caray's Italian Steakhouse in the Windy City, her mother planted the seed of a big dream: to visit all of the Major League Baseball (MLB) parks.

Fast-forward years later, and Katie stands on the mound at Wrigley Field, baseball and glove in hand, name displayed on the billboard for all to see.

But her journey to that moment was anything but pitch perfect.

Join Katie as she travels over 30,000 miles to all thirty MLB parks in a single season, a rare feat that was covered by the likes of ESPN. With black-and-white photographs taken along the way, accompanied by letters to her mother, she reflects on her life and America's favorite pastime.

Katie's story is for

- mothers and daughters,
- cancer survivors,
- baseball and sports fans, and
- anyone who has experienced loss . . . and maybe fallen in love along the way.

*A Season with Mom* reminds readers that in life, sometimes you strike out, but sometimes you hit home run...

#### Summary

For readers seeking an inspirational message that pops off the shelves with honesty and energy, *Signs of Hope* offers the true story of an approachable mom and motivational speaker who accidentally started a movement of generous love.

Living a life of impact can start small, grow unexpectedly, and contain a simple message of hope. You can make a difference in the world today through small acts of kindness, and this book will show you how.

Amidst the struggles and busyness of daily life, it can seem impossible to offer hope and happiness to others. Sometimes, living a life of impact seems just out of reach. "What can I possibly do?" we ask.

Amy Wolff often felt this way--that her personal grief and comfortable life made her unqualified to connect and uplift others. But one day she decided to do **something**--and that something sparked a nationwide and worldwide movement of encouragement.

*Signs of Hope* is an intimate account of the yard signs with encouraging messages she created with her family and placed around their city, and how that act of love has sparked a new journey--helping you find your *own* way to make a difference and brighten the world.

In this book, she lays out the heart behind her movement, and how you can al...

## Woman Evolve

### Break Up with Your Fears and Revolutionize Your Life

Sarah Jakes Roberts

**Markup Tags:** : Simultaneous HC & TPB (9780875235583, \$23.99)

## Summary

**Reimagining the story of Eve, Sarah Jakes Roberts draws lessons from Scripture and from her own life that show women how to use the mistakes of their past to overcome the challenges of today.**

As the first woman, Eve was also the first woman who had to deal with the mistakes of her past. In a dramatic reinterpretation of Eve's story in Genesis, Sarah Jakes Roberts shows how the slow seduction of our minds can knock us out of our orbit. Pastor Sarah guides women in identifying the dragons that have taken them down, then encourages readers to get into a new orbit as she reminds them "enmity" is a two-way street.

Everyone faces trials, and everyone will mess up. But past failures should not be the focus. A person's purpose in life does not change; it evolves. In the same way, someone should not be attached to who she was but to who she can become.

Chapters include:

- Identify Your Weakness
- Silence Is Golden
- Touch but Don't Eat
- Naked Is the New Black
- You're Gonna Mess Up
- Rest in Hope

**Discover a renewed biblical vision for sex, singleness, and relationships, and transform into an empowered woman of faith equipped to navigate today's dating culture with vision, clarity, and freedom.**

Let's face it: being single in today's culture as a woman of faith can be a STRUGGLE FEST. But it doesn't have to be. With real talk and straight wisdom, speaker, podcaster, and founder of The Refined Woman Kat Harris says it's time for a new conversation about singleness, sex, and desire.

But approaching 30 and thrust into the New York City dating scene, she found a set of rules was not a compelling enough reason to keep her clothes on. Caught between purity culture's rules and popular culture's *what feels good*, Kat began a multi-year journey searching for answers to the biggest questions about sexuality and faith:

## Becoming All Things

How Small Changes Lead To Lasting Connections Across Cultures

Michelle Reyes

### Summary

**This book addresses a growing need within the American church, how to develop healthy cross-cultural friendships.**

Cultural identities and cross-cultural engagement are not things that anyone can choose to ignore anymore, least of all Christians. Many of us want to have diverse friends and are passionate about justice. But if we are serious about cross-cultural relationships--real relationships that lead to understanding, healing and solidarity across cultural lines--we need to be willing to change. And that's not something that comes easy for any of us.

In *Becoming All Things*, Michelle Reyes offers a poignant discussion on the challenges surrounding cross-cultural relationships in America today, including the reasons for cultural difference, stereotyping, appropriation, gentrification, racism, and more. Seeking to deconstruct these things in our own lives, Reyes focuses on the concept of cultural accommodation in 1 Corinthians 9:19-23, and looks at the ways in which we need to adapt who we are in order to become all things to all people. The problems inherent in cross-cultural relationships have to...

## PreachersNSneakers

Authenticity in an Age of For-Profit Faith and (Wannabe) Celebrities

Anonymous

### Summary

**Founder of the phenomenon social media account PreachersNSneakers tackles how faith, capitalism, consumerism, and (wannabe) celebrity have collided.**

What started as a joke account on Instagram has turned into a movement. Through this provocative project, the founder of PreachersNSneakers is helping thousands of Jesus followers wrestle with the inevitable dilemmas created by a culture obsessed with image and entertainment.

In *PreachersNSneakers: Authenticity in an Age of For-Profit Faith and (Wannabe) Celebrities*, the author boldly confronts many of the difficult questions plaguing countless Christians' minds, such as:

- Should pastors grow wealthy off of religion, and why do we get so angry when they do?
- Is it okay to stoke envy among others with curated "lifestyle" images on social media?
- Do we really believe that divine blessings are monetary, or is that just religious wallpaper to hide our own greed?
- Is there space in Christendom for celebrities like Kanye and Bieber to exist without distort...

Do you see the world's pain and heartache and wish you could do something about it? Do you want to help but don't know where to begin?

As a fifteen-year-old girl, Lila Rose started Live Action in her family's living room out of a deep passion to defend the rights of the most vulnerable among us and to expose the abortion industry for what it does. In the sixteen years since, she has built the largest and most engaged online following in the pro-life movement, addressed members of the European Parliament and the United Nations Commission on the Status of Women, and been named as one of the *National Journal's* "25 most Influential Washington Women Under 35." And now she is drawing on that experience to speak to all those wanting to make a difference but needing guidance for how to start.

In this book, Lila shows how to

## Faithful Presence

### The Promise and the Peril of Faith in the Public Square

Bill Haslam

#### Summary

**Two-term governor of Tennessee Bill Haslam reveals how faith--too often divisive and contentious--can be a redemptive and unifying presence in the public square.**

As a former mayor and governor, Bill Haslam has long been at the center of politics and policy on local, state, and federal levels. And he has consistently been guided by his faith, which influenced his actions on issues ranging from capital punishment to pardons, health care to abortion, welfare to free college tuition. Yet the place of faith in public life has been hotly debated since our nation's founding, and the relationship of church and state remains contentious to this day--and for good reason. Too often, Bill Haslam argues, Christians end up shaping their faith to fit their politics rather than forming their politics to their faith. They seem to forget their calling is to be used by God in service of others rather than to use God to reach their own desires and ends.

*Faithful Presence* calls for a different way. Drawing u...

**Kate Isler's incredible story of blazing global business trails in the early days of Microsoft demonstrates how women can stop self-selecting out of opportunities and make the leap of faith to pursue their dreams.**

Kate Isler navigated the male-dominated culture of the technology industry, breaking new global markets for Microsoft in their fast-paced, hyper-growth startup years in some of the most challenging regions in the world – all without a college degree or resources that many believe are necessary for success.

Taking readers on a fascinating adventure from Kate's years as a naïve young adult through her unexpected global career, which included six international moves, *Breaking Borders* candidly shares:

- Kate's moments of success, failure, and very public mistakes to help readers become more fearless in their own pursuits of greatness.
- The author's struggle to pivot her career in a completely new direction as a result of being disillusioned with a big corporate environment.
- How she overc...

### The Honest Guide to Profitable Inventing

Warren Tuttle, Jeffrey A. Mangus

The President of the United Inventors Association shows inventors, innovators, and makers a savvy, safer path towards monetizing your better mouse trap and how to avoid the get-rich-quick scammers.

**The President of the United Inventors Association shows inventors, innovators, and makers a savvy, safer path towards monetizing your better mouse trap and how to avoid the get-rich-quick scammers.**

The road to licensing a profitable, innovative product or technology is riddled with curves, holes, and rocky cliffs. Every year, hundreds of thousands of eager inventors around the globe spend millions of dollars seeking assistance from inventor service companies and individuals claiming to be experts in the innovation and licensing fields, though their actual success rates are poor in relation to the dollar amounts they charge.

The reality is, according to *Inventors' Digest*™, while 78% of new inventors believe they will make over a million dollars with their inventions, less than 1% actually do. Marketers prey on this scenario for their own financial gain.

*Inventor Confidential* tips the odds back in the investor's favor, helping them:

- Gain a much broader picture of the many current challeng...

**Dedicated to a reality in which every woman has at least seven zeros in her bank account, author and experienced entrepreneur Rachel Rodgers offers this pull-no-punches guide for women to wield economic power—how real change is created.**

Every single woman should want to be a millionaire. If you agree, this book is for you. If you disagree, this book is *definitely* for you.

While women now own 40% of businesses in the U.S., the percentage of revenue brought in by women-owned businesses is only 4.2%. And, while the gender pay gap isn't quite that extreme, corporate women are making four percent less than their male counterparts, and women hold only 25% of c-suite positions. Now that women are getting a seat at the table, it's time they demand what they deserve.

This book:

- Represents a breakthrough step-by-step guide for women who want to shift their mindset and work their way to seven figures.
- Reveals the unique hurdles businesswomen face that their male peers do not, both in the office and at...

**Too many ambitious women strive to accomplish all their goals alone, leading to dangerous levels of stress and anxiety. Learn how a strong support network and meaningful connections are crucial not only to your long-term success, but to your peace of mind.**

Today's women are ambitious and excelling in every way. But many still believe that asking for help along the journey is a sign of weakness, ignorance, or incompetence, so they go it alone.

Author and podcaster Elayne Fluker believes this mindset is partially responsible for the increase in suicide rates for girls and women and the reason so many women end up depressed, overwhelmed, isolated and unfulfilled. To combat this alarming trend, Fluker helps women learn how to build their own networks, make meaningful connections, and understand how even some of the most successful women in the world, like Oprah Winfrey and Spanx founder Sara Blakely, had tremendous support networks that helped them achieve their dreams.

**The young professionals' real-world guide to achieving success at work without compromising integrity, based on Wharton Business School professor Richard Shell's countless interactions with MBA students who continue to bring him shocking stories about the workplace corruption they are pressured to engage in.**

Forty-one percent of workers across a variety of industries reported seeing ethical misconduct in the past year alone. ## God on Mute

### Engaging the Silence of Unanswered Prayer

Pete Greig

#### Summary

What do you do when God is silent? Writing out of the pain of his wife's fight for life but also the wonder of watching the prayer movement they founded touch many lives, Pete Greig wrestles with the dark side of prayer and emerges with a hard-won message of hope, comfort, and profound biblical insight for all who suffer in silence.

Pete Greig, the acclaimed author of *Red Moon Rising*, has written his most intensely personal and honest account yet in *God on Mute*, a book born out of his wife Sammy's fight for her life and diagnosis of a debilitating brain tumor. Greig asks the timeless questions of what it means to suffer and to pray and to suffer through the silence because your prayers seem unanswered. This silence, Greig relates, is the hardest thing. The world collapses. Then all goes quiet. Words can't explain, don't fit, won't work. People avoid you and don't know what to say. So you turn to Him and you pray. You need Him more than ever before. But somehow . . . even God Himself seems on mute. In this heart-searching, honest, and deeply profound book, Pete Greig looks at the hard ...

## God of All Things

### Rediscovering the Sacred in an Everyday World

Andrew Wilson

#### Summary

Abstract theology is overrated. In the contemporary West, we're desperately in need of rediscovering God through ordinary, physical things we see in the world around us.

Jesus did it all the time. He mentioned a lily, sparrow, sheep, coin, fish, harvest, banquet, lamp, stone, seed, and vineyard to teach about the kingdom of God. In the Old Testament, too, God repeatedly describes himself and his saving work in relation to physical things such as a rock, horn, eagle, shelter, cedar, lion, shield, wave, ox, and so on. "Ask the beasts, and they will teach you; the birds of the heavens, and they will tell you; or the bushes of the earth, and they will teach you" (Job 12:7-8).

In *God of All Things*, pastor and author Andrew Wilson explores glimpses of the sacred in created things, finding in them illustrations of the character and gospel of God. As humans, we encounter glory through stars and awe through storms. We learn about humanity through dust and about Jesus's death on our behalf through trees and bread and wine. Ultimately, we meet God in his creation. It is a gallery full of sketches...

## How to Revive Evangelism

### 7 Vital Shifts in How We Share Our Faith

Craig Springer

#### Summary

In a post-Christian, post-modern, post-truth society where Jesus followers aren't often well regarded, modern evangelism approaches are eroding and increasingly ineffective. Christians often talk more than we listen, confront when we should converse, and demand that people believe before they belong. We need a compelling way to share our faith that combines the timeless practices of Jesus with timely perspectives about our post-everything era.

Author and Executive Director of Alpha US Craig Springer believes that reaching non-Christians is possible, but only if we are willing to shift our perspectives, abandon ineffective methodologies, and consider the unique cultural moment in which we are living. In *How to Revive Evangelism*, he shares the often-overlooked evangelistic approaches of Jesus himself and demonstrates how returning to these fundamentals are key to reviving evangelism in the 21st century. Incorporating groundbreaking and often startling data, Springer offers Christians seven shifts in how to share their faith with friends and family members, neighbors and coworkers which ...

## Searching for Enough

### The High-Wire Walk Between Doubt and Faith

Tyler Staton

#### Summary

**A unique and validating look at the tension you feel between disillusionment and a desire for truth, *Searching for Enough* helps you see your doubt not as an emotion to fear but as an invitation to be followed.**

Do you ever find yourself thinking, "I'm not enough, and I'm never going to be. And I know I'm not supposed to say this, but God's not enough for me either."

Whether or not we attend church, deep down we wonder if the biblical story of faith is really enough for the complexity of the world in which we live. We fill our lives with other things, hoping that maybe the next experience or accomplishment will complete us. Yet with every goal we reach, we still feel discouraged and anxious.

In *Searching for Enough*, Pastor Tyler Staton draws on ancient and modern insights to introduce us, as if for the first time, to Jesus' disciple Thomas: history's most notorious skeptic. Like Thomas, we are caught between two unsatisfying stories: We want to believe in God but can't reconcile his presence with our circumstances and internal struggles.

But what if there's a better story than shame? What ...

#### Summary

**A thirty-day story-driven manual to celebrate the importance and blessing of each of the 1,440 minutes we are given every day, written by an up-and-coming lead pastor of a global church.**

The son of a preacher, eighteen-year-old Tim Timberlake's tragic and painful personal story of the sudden loss of his father began his journey toward seeing the benefit and blessing of each day. ## Emotionally Healthy Discipleship

### Moving from Shallow Christianity to Deep Transformation

Peter Scazzero

#### Summary

Pastors and church leaders want to see lives changed by the gospel. They work tirelessly to care for people, initiate new programs and ministries, preach new sermon series, and keep up with the latest trends. Sadly, it would seem that much of this effort is not resulting in deeply changed disciples.

Why? Because many churches are unknowingly operating from a shallow discipleship that allows people to recycle the same problems year after year. Church goers are increasingly passive with lives not distinct from the culture. People are not able to integrate anger and sadness. Many are defensive and incapable of revealing their own weaknesses. Church leaders desperately need a better way of teaching people what it means to follow Jesus in a transformative way.

In *Emotionally Healthy Discipleship*, bestselling author Pete Scazzero combines three decades of wisdom with hard lessons from his own ministry journey. He lays out what is required for church leaders to multiply deeply-changed people who are growing in relationship with God, themselves and others.

Scazzero begins with four beneath-the-...

## Creatures of Habit

### Breaking the Habits Holding You Back from God's Best

Steve Poe

#### Summary

**Beloved pastor Steve Poe helps Christians identify and break free from the destructive patterns that are keeping them from the joy-filled, flourishing life Jesus promised.**

We all have both good and bad habits in our life. *Creatures of Habit* reveals how to remove bad habits and replace them with godly ones. But it's not a matter of working hard, of "pulling ourselves up by our bootstraps." That approach simply doesn't work. True transformation is God's work--our job is to listen, obey, and put into practice what he's already directing us to do.

Steve Poe has pastored large, growing churches for more than thirty-four years, and during that time he has counseled hundreds of people. He's seen that poor choices often become bad habits that in turn cause people a lot of problems. Hundreds of things can become a bad habit in our lives, but Poe focuses on the most common, among them:

- anger,
- lust,
- worry,
- cynicism,
- pride,
- self-centeredness, and
- greed.

Each chapter provides insights, biblical examples, and tangible tools that will help you break the bad habits that can become spiritual strongholds in you...

## Out of the Cave

**Stepping into the Light when Depression Darkens What You See**

Chris Hodges

### Summary

**Bestselling author and pastor Chris Hodges helps those struggling with depression find liberating solutions by drawing from the life of the prophet Elijah.**

Shame about the dark thoughts swirling in your mind. Guilt about how powerless you feel to overcome negative emotions. Alternating bouts of sadness and numbness. You might be asking, *Should a Christian even be having these struggles?*

Depression is the number one health issue in the world today, yet those who suffer are still sometimes stigmatized--especially followers of Jesus. Many assume God's peace, power, and protection should prevent us from ever feeling anxious, depressed, and afraid.
