**A bold dive into the unpaid, invisible work women have shouldered for too long—and an impassioned vision for creating a better future for us all.**

**Summary:** Day in, day out, women anticipate and manage the needs of others. In relationships, we initiate the hard conversations. At home, we shoulder the mental load required to keep our households running. At work, we moderate our tone, explaining patiently and speaking softly. In the world, we step gingerly to keep ourselves safe. We do this largely invisible, draining work whether we want to or

**Summary: The critics agree: "Why Young Men is a much-needed discussion" (J. D. Vance, author of *Hillbilly Elegy*)**

The day after the 2015 Paris terror attacks, twenty-eight-year-old Canadian Jamil Jivani opened the newspaper to find that the men responsible were familiar to him. He didn't know them, but the communities they grew up in and the challenges they faced mirrored the circumstances of his own life. Jivani travelled to Belgium in February 2016 to better understand the roots of jihadi radicalization. Less than two months later, Brussels fell victim to a terrorist attack carried out by young men who lived in the same neighbourhood as

**Summary:** In one of the most talked about books of the year, provocative cultural commentator Stephen Marche examines the state of male-female relations in the 21st century, with commentary from his wife, *Toronto Life* editor-in-chief Sarah Fulford.

On a warm spring morning in New York City, Stephen Marche, then a new father and tenure-track professor, got the call: his wife had been offered her dream job . . . in Toronto. Their mutual decision to move home, prioritizing her career over his, shed new light on the gender roles in their marriage. It also provoked a surprising and divided response from the world around them.

**Summary:** Sebastian Junger, the bestselling author of *War* and *The Perfect Storm*, takes a critical look at post-traumatic stress disorder and the many challenges today's returning veterans face in modern society

There are ancient tribal behaviours—loyalty, interdependency, cooperation—that flourish in human communities during times of turmoil and suffering. These are the very same behaviours that typify good soldiering and foster a sense of belonging among troops, whether they're fighting on the front lines or engaged in non-combat activities away from the action. Drawing from the fields of

Most books about public speaking don't tell you what to do when you open your mouth and nothing comes out. And they don't tell you how to get over the performance anxiety that most people naturally have. They don't tell you what to do in the moments when you are made, as a woman, to feel small. They don't tell you how to own the room. This book does.

From the way Michelle Obama projects "happy high status," and the power of J.K.Rowling's understated speaking style, to Virginia Woolf's leisurely pacing and Oprah Winfrey's mastery

The *New York Times* bestseller, now in paperback and updated with a new introduction

**Summary:** Confidence. We want it. We need it. But it can be maddeningly enigmatic and out of reach. The authors of the *New York Times* bestseller *Womenomics* deconstruct this essential, elusive, and misunderstood quality and offer a blueprint for bringing more of it into our lives.

Is confidence hardwired into the DNA of a lucky few, or can anyone learn it? Is it best expressed by bravado, or is there

**Four influential women we thought we knew well—Jane Jacobs, Rachel Carson, Jane Goodall, and Alice Waters—and how they spearheaded the modern progressive movement**

**Summary:** This is the story of four visionaries who profoundly shaped the world we live in today. Together, these women—linked not by friendship or field, but by their choice to break with convention—showed what one person speaking truth to power can do. Jane Jacobs fought for livable cities and strong communities; Rachel Carson warned us about poisoning the environment; Jane Goodall demonstrated the indelible kinship between humans and animals; and Alice

In this empowering guide, a psychology professor and human sexuality expert offers a radical, simple solution to progress and pleasure for all—EQUALITY + SEX = ORGASMS

**Summary:** Our culture's flawed way of thinking about sex is screwing with women's orgasms. We've separated our most reliable route to orgasm—clitoral stimulation—from how we feel we should orgasm—penetration. As a result, as many as half of women admit to having trouble reaching orgasm with their partners. No surprise, then, that men are having at least three times as many orgasms as women. And for
