The teacher’s pledge is a promise to do their part to make sure school is an equal, fair and safe space for all students—no matter who they are, what they look like, where they were born or what they believe. Describe what you think an equal, fair and safe space includes. What does it not include?

What can you do to make sure your school is an equal, fair and safe space for all students?

Take the pledge! Do you promise to do your part to make sure school is an equal, fair and safe space for all students—no matter who they are, what they look like, where they were born or what they believe?
Team Building Exercise

Create your classroom pledge!

**Step 1**
Gather your class together and explain why inclusivity is important for a safe and welcoming environment.

**Step 2**
Brainstorm ideas of how you can create an inclusive space for everyone, such as respecting each other’s beliefs and opinions, using appropriate language, and being kind.

**Step 3**
Ask the group to come up with a phrase or statement they can all agree upon, such as “We will respect each other” or “We will be kind and include everyone”. Write these statements down on a piece of paper.

**Step 4**
Once everyone has agreed on the statements, read each one aloud.

**Step 5**
Let each person sign their name underneath the statement or ask the group to repeat it after you.

**Step 6**
Hang up the pledge somewhere in your classroom as a reminder of your commitment to creating a safe space!
